How much cover do I need?

Our Guarantee is flexible and can be tailored to your needs.

The tiered pricing structure means you only pay for the cover you need to protect your build. Plus, you have the option of opting out of cover for Loss of Deposit and Non-Completion.

If you decide to purchase a Master Build 10-Year Guarantee, it is your builder's responsibility to ensure the completed documents are sent through to MBS, along with the required fees, in the required timeframes.

Protecting your new build or renovation

Building a house or undertaking a major renovation is probably the biggest investment of your lifetime. The Master Build 10-Year Guarantee helps protect it.

Our Guarantee is a market leader and has been protecting homes for over 25 years. It has been developed in New Zealand for New Zealand homes.

Only a Registered Master Builder can offer you the Master Build 10-Year Guarantee.

Why do you need a Guarantee?

A Master Build 10-Year Guarantee protects you through the building process, and for the next 10 years. It provides much greater protection than both the Building Act and Consumer Guarantees Act.

While the vast majority of building projects will run smoothly, sometimes things do go wrong. The Guarantee provides a process to resolve those issues. It may also be that in 10 years' time your builder is no longer working. The Guarantee is there to protect your investment.

The protection provided by our Guarantee not only gives you peace of mind – it also makes good financial sense:

- If something does go wrong with your build, your Guarantee kicks in and we will step in to help you get your home finished to the highest standard
- It adds value to your property
- It's fully transferable if you decide to sell
- It helps finance your build, as most banks demand it
- It costs less than 1% of the total build cost to protect your biggest investment.

Regardless of what happens in the future, Registered Master Builders will be there to help you for the next 10 years – it's peace of mind guaranteed.
